

COVID-19 has changed the way business looks and we are here to help you configure your space.

Do you have the right protections in place to keep your employees, customers, and students safe? COVID-19 has changed the way we need to equip offices, class rooms and public areas. OIC can provide sneeze guards, dividers, and shields on a nationwide basis that are merged with décor and made in the USA. Our fabricator's efficient manufacturing processes and deep stock of acrylic allows us to provide fast turn-around times. Many products can be ready to ship within 24-48 hours!

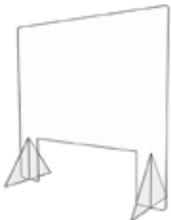

FREESTANDING COUNTER SHIELD
30" W x 32" H [TOPSAS01](#)

This acrylic shield comes with optional 12" x 8" window cutout and offers protection for desks and countertops. Available in 1/8", 3/16", and 1/4" thick.

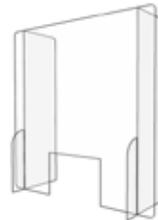

SMALL 28" ACRYLIC DIVIDER
28" W x 24" H [TOPSAS08](#)

These small acrylic dividers are 1/8" thick and are perfect for booth separation, office space dividers, desk shields, or anywhere else a more permanent solution is needed. Includes 2 "L" brackets per panel.

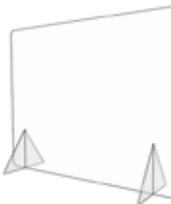

RESTAURANT SHIELD WITH WINDOW
32" W x 32" H [TOPSAS02](#)

This restaurant shield is designed with a large 22" x 9" window to allow the delivery of carry-out items such as pizza boxes while keeping employees and patrons safe from coughing and sneezing. Available in 1/8", 3/16", and 1/4" acrylic.

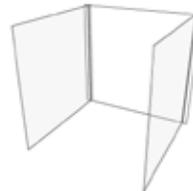

PANELED ACRYLIC SNEEZE GUARD
32" W x 32" H x 12" D [TOPSAS09](#)

This sneeze guard comes with optional 12" x 8" window cutout and easily assembles with 12" W x 32" H side panels to offer additional protection for tables, desks, and countertops. Available in 1/8", 3/16", and 1/4" acrylic.

XL FREESTANDING SHIELD
40" W x 32" H [TOPSAS03](#)

This 1/8" acrylic shield is designed to cover a larger counter space for greater coverage and flexibility. Available with an optional 24" x 9" XL window opening.

3-SIDED STUDENT DESK SHIELD
20" W x 20" H x 20" D [TOPSAS10](#)

These acrylic lap-join shields are 1/8" thick and assemble easily to offer additional protection for students in the classroom or any other collaborative spaces. Add stabilizer bars to secure shield to desk or surface.

LARGE 46" DIVIDER WITH BASE
46" W x 24" H [TOPSAS05](#)

These acrylic dividers come 1/8" or 1/4" thick with optional 12" x 8" window cutout and come attached to an unfinished wood base (also available painted black, white, stained cherry, or stained dark brown) for sturdiness and mobility.

XY ACRYLIC DIVIDER
48" W x 24" H x 48" D [TOPSAS11](#)

This XY table divider features two lap-joined panels and is designed for classrooms, libraries, and any collaborative spaces where cough and sneeze protection is needed.

30" SQUARE GUARD W/ WOOD BASE
30" W x 30" H [TOPSAS06](#)

These acrylic dividers come 1/8" or 1/4" thick with optional 12" x 8" window cutout and come attached to either a cherry or dark wood stained base for sturdiness and mobility.

FULL SIZE ACRYLIC GUARD
36" W x 72" H [TOPSAS12](#)

This 3/16" acrylic guard has feet that securely slide into the main panel for easy set up, giving you full coverage in larger spaces where cough and sneeze protection is needed. MINIMUM ORDER: 2

LARGE 46" ACRYLIC DIVIDER
46" W x 24" H [TOPSAS07](#)

These large acrylic dividers are 1/8" thick and are perfect for booth separation, office space dividers, desk shields, or anywhere else a more permanent solution is needed. Includes 3 "L" brackets per panel.

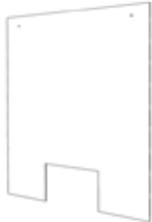

PORTABLE ACRYLIC DIVIDER
36" W x 72" H [TOPSAS13](#)

This 1/4" acrylic rolling divider features locking casters and a wood frame and base (unfinished or painted black or white) to give you the ultimate versatility against coughing and sneezing.

ACRYLIC PANEL GUARD
24" W x 36" H **TOPSAS14**

These acrylic panels are 1/4" thick and are designed to be attached directly to any customer-facing counter space. Three drilled holes along with 3 screws/3 lug nuts are included.

HANGING SNEEZE GUARD
32" W x 40" H **TOPSAS15**

This large shield is 1/8" thick with optional 12" x 8" window cutout and is designed to hang from the ceiling to conserve valuable counter space in any retail, restaurant, hospitality, or healthcare environment.

MAGNETIC SHIELD
40" W x 26" H **TOPSAS16**

This versatile 1/8" acrylic guard features heavy duty earth magnets that attach to any metal surface, giving it security and mobility for healthcare, education, manufacturing, or anywhere else a more flexible option is needed.

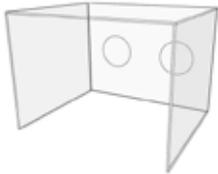

TEMPERATURE CHECK GUARD
28" W x 34" H x 9" D **TOPSAS17**

This hinged guard features a 5" diameter circular cutout to offer an added level of protection for teams as they evaluate and take patient and employee temperatures. Available in 1/8" and 3/16" acrylic.

HINGED SNEEZE GUARD
28" W x 34" H x 9" D **TOPSAS18**

This hinged guard comes with optional 12" x 8" window cutout and offers protection for desks, countertops, and any other customer-facing space. Available in 1/8" and 3/16" acrylic.

MEDICAL INTUBATION BOX
24" W x 18" H x 20" D **TOPSAS19**

This acrylic intubation box slips over a patient's head and shoulders. These are designed with two circular openings to allow healthcare teams access while providing additional protection from germ transmission.

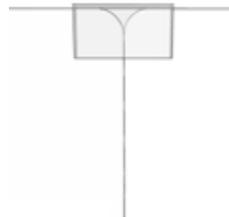

PORTABLE TEMPERATURE CHECK
36" W x 72" H **TOPSAS20**

This 1/4" rolling temperature check divider features a 5" diameter circular opening for taking temperatures, as well as locking casters and an unfinished wood frame and base. Black, white, and custom painting available.

PORTABLE TAILORING DIVIDER
36" W x 72" H **TOPSAS21**

This 1/4" rolling acrylic tailoring divider features two 5" x 50" openings for taking measurements, as well as locking casters and an unfinished wood frame and base. Black, white, and custom painting available.

ACRYLIC GUARD CLIPS
2" W x 1" H **TOPSAS22**

These acrylic clips slide over the top of our acrylic shields and guards to hold them tightly together, yet are removable so that the guards can be moved or re-positioned. The clips are designed for either 1/8" thick acrylic or 1/4" acrylic.

STABILIZER BARS
12" W x 1" H x 1" D **TOPSAS23**

These acrylic stabilizer bars are designed with heavy duty velcro strips to attach to your acrylic and your surface to give your shields and guards added security and stability. SOLD IN SETS OF 2

ACRYLIC CLEANING KIT **TOPSAS24**

This kit includes one soft microfiber cloth and one 4oz bottle of ACRIFIX® AC1010 anti-static cleaner. Its non-toxic formula is environmentally friendly and adds sparkle and shine to your acrylic and plexiglass.
